5 year warranty on all   **HEP Optimo circulator pumps**

Heating Circulators – Quality - German designed.

**Domestic & Commercial heating applications
DHW - Domestic Hot Water (stainless)
Up to 12m head**

Basement Waste Water & Macerator lift pumps
Domestic Macerators - 10m lift
Waste water lift pumps – 10m lift
Domestic & Commercial waste water – 13m lift

Submersible Waste Water & Sewage Pumps

Stainless Steel Automatic – 14m
Plastic Portable Submersibles – 30m
Cast iron Waste water submersibles - 28m
Cast iron sewage submersibles – 27m head

Domestic Heating Circulators

High quality German engineered circulator pumps.
5 years warranty on all Halm HEP **A** rated heating circulators

UK Stock Items in **RED** Direct from manufacturing Black

A member of the AUMA Group

HEP Optimo - Auto, variable & fixed speed with display to 110 deg. C

Power Flushing Pump systems for central Heating and Solar Thermal

Easy-Flush & Clean Trolley - for central heating systems

For quick and thorough cleaning / reconditioning of the entire heating system up to 20 radiators. Complete on a stainless Steel Trolley - 2bar – 5400 l/hr. – 30ltr. Capacity – 55 deg. C – 230v - 0.33Kw – Mains water inlet valve - Weight 13Kg – 58H x 45L x 30w (cm) – on/off switch Complete with hose and fittings housed in a practical bag with shoulder strap. Suitable for any cleaning product (acid, Alkaline or neutral)

List	Trade
£990.00	£495.00

Fillflush for Solar Thermal

Fillflush is ideal for Solar Thermal systems, flushing. 230v – Complete on a stainless steel trolley – 4 & 6 bar max – 25 ltr tank – 3,000 ltrs/hr max.. – on/off switch – pressure gauge - fittings and hose, outlet closing valve.

	List	Trade	2+
Standard Solar Fillflush 4 (4bar)	£650.00	£390.00	£358.50
Standard Solar Fillflush 6 (6bar)	£790.00	£474.00	£412.50

Magnafilter – Nano Hot Mag – 3/4” BSP F x 1” BSP M

Hot magnetic filter for Central Heating Systems

11,000 Gauss Magnetic sludge remover for central heating Systems

Brass head and ring, unbreakable transparent vessel and drain system. 3/4” f x 1” m ports

	List	Trade	10+
Horizontal inline	£77.00	£46.00	£44.00

Magnafilter – Nano Hot Mag Evo – 3/4”

Hot magnetic filter for Central Heating Systems

11,000 Gauss Magnetic sludge remover for central heating Systems

Brass head and ring, unbreakable transparent vessel and drain system.

90 Deg. elbow 3/4” f x 1” m ports

	List	Trade	10+
Vertical out	£82.00	£49.00	£47.00

Pump Adaptor – Fits most domestic central heating pumps

Complete kit – avoids removal of pump body from heating system for power flushing

Lift - Condensate Pump 4m lift for gas condensing Boilers	£130.00	£84.50	£78.00
--	----------------	---------------	---------------

Lift NT25 – condensate Pump with Neutralizing tank – 10m lift	£330.00	£215.00	£168.00
--	----------------	----------------	----------------

CE200 Sealed Auto Waste Water Lift Pump - activated carbon filter.

Robust hot waste water lift pump in Stainless steel for use below the backwash level.
70 l/m max flow and 8m max head. With 2m power cable & Plug 230v
Compact design L308 x W152 x H265 20mm hose ports

List	Trade	2+
£578.00	£462.00	£375.00

CP35 Dairy Cabinet Pump – Proven floatless technology – Auto Alarm

82mm Low profile for under refrigeration counter and display cabinets c/w hi level alarm 3 inlets with integrated NRV on discharge,

List	Trade
£495.00	272.25

USS – Mud Pump - Ideal for mud & silt from ponds, flooded areas – 230v

Complete with hoses and attachments

USS 3000 Universal pond cleaner and mud pump – for muddy water

USS 4000 Universal suction pump - for oily and contaminated water

USS 3000 – EP diaphragm	12,000 l/hr max flow	12m max head	List	Trade
USS4000 – FPM diaphragm	12,000 l/hr max flow	12m max head	£953.00	£720.00
			£1152.00	£922.00

Underfloor Heating Mixing Systems

Eco-Minishunt - UFH mixing module to 40 sq.m.

Single room systems 230v with integrated pump, single or double loop.

Eco-Minishunt RS Manual	Trade
	£220.00
Eco-Minishunt EA Electric Actuator- Auto/stat	Trade
	£250.00

BM eco - Underfloor heating mixing module to 200 sq.m.

Energy efficient class A – Professional system with feed temperature control for heating surfaces up to 200 sq/m (requires manifold)

BM eco	Underfloor Mixing module	Trade
BM eco ZR M	-----//-----	£560.00
		£698.00

Resfix & Resvari - Domestic Booster Sets

Resfix (fixed speed) & **Resvari** (variable speed) domestic water booster sets – 60 ltrs/min & 4.2bar max pressure
Complete with, Integral tank (180 ltrs) and pump, pressure vessel and controls. Footprint 620 x 620 x 1.02m high
Weight = 55Kg

	List	Trade	4+
Resfix – 230v	£1,894.00	£1,608.00	£1,421.00
Resvari – 230v	£2,510.00	£2,133.00	£1,883.00

STUART

Flo~mate Mains Water Boost Pump

Flo~mate is fully WRAS approved and operates within the current UK Water Regulations. Designed to boost incoming mains water pressure without the need for a cold water break tank.

Flo-mate Mains Boost

List	Trade
£335.00	£251.00

Monsoon Universal Shower pumps – for Negative & positive head

Is designed for **installation** into vented systems to pump both the hot and cold water supplies - boosting both equally.

	List	Trade
U1.5 bar Twin	£555.56	£508.00
U2.0 bar Twin	£575.44	£526.00
U3.0 bar Twin	£615.19	£563.00
U4.0 bar Twin	£664.95	£599.00
U4.5 bar Twin	£694.70	£635.00
U2.0 bar Single	£396.54	£357.00
U3.0 bar Single	£406.48	£366.00
U4.5 bar Single	£416.42	£375.00

Showermate ECO – Positive head

Positive head. 2bar. Shower pump can boost the pressure and performance of your mixer shower.

	List	Trade
S2.0 bar Twin	£222.91	£152.00
S 2.0 bar Single	£156.05	£107.00

Supersub – Submersible pumps

This **submersible Supersub** pump offers a compact design, ideal for general purpose applications where space is at a premium. A simple lever allows quick selection of manual or automatic mode of operation, making either model ideal for pumping rain water, dirty or waste water.

	List	Trade
Supersub 150VA - 140 l/m max x 7m head max	£102.38	£77.00
Supersub 250VA – 250 l/m max x 8.5m head max	£115.33	£87.00

Diver – Submersible Pump & Diver Boostamatic (B)

The **Diver 35 & 45 submersible pumps** offer a solution to lifting water for high head (pressure) requirements. Incorporating a floating switch to protect against running dry, these pumps are ideal for applications where pressure is needed, such as sprinklers or pumping up to storage tanks.

	List	Trade
Diver 35 – 85 l/m max flow x 34m max head	£199.15	£149.00
Diver 35 (B) – 85 l/m max flow x 34m max head	£280.62	£210.00
Diver 45 - 95 l/m max flow x 44m max head	£231.76	£174.00
Diver 45 (B) – 95 l/m max flow x 44m max head	£313.23	£235.00

Jet Pumps – Jet - & Jet Boostamatic (B)

Ideal for the high-pressure delivery of clean non-potable water from a water tank/cistern in either a positive or negative head application. Jet Boostamatic pumps provide fully automatic pressure/flow switch control and are supplied with a power lead fitted with a 13 Amp fused plug. The range is suitable for general purpose, pumping cold water.

	List	Trade
Jet 55-45 - 55 l/m max x 45m head max	£196.82	£148.00
Jet 55-45 (B) - 55 l/m max x 45m head max	£429.75	£322.00
Jet 80-45 – 80 l/m max x 45m head max	£231.76	£174.00
Jet 80-45 (B) - 80 l/m max x 45m head max	£464.69	£349.00
